Emails & letters will **BLOW UP**

Another  
**ENQUIRER**  
EXCLUSIVE

**M**OTOR-mouth Rosie O'Donnell is a "serial cheater" who racked up multiple lovers as a lesbian lothario, and once may have attempted to arrange a kinky threesome behind the back of her wife!

In a world-beating exclusive, The National ENQUIRER has obtained the shocking cyber-sex proof that could cost the embattled talk show host megabucks in a \$100 million divorce, and force her to lose custody of her 2-year-old daughter, Dakota.

Rosie's love letters are both intimate and incriminating, spanning multiple years. They expose how the 53-year-old appeared to arrange a ménage à trois with other extramarital conquests!

"When I am home for two weeks in November, I would love for you to come up here with \*\*\*\*," she wrote in one note.

In another email, sent during Rosie's ill-fated marriage to Michelle Rounds, a second lovestruck girlfriend declared: "I wanted to be your wife, but you didn't want me as that, and I would've been so self destructive, and in turn

## KERRY MARRIAGE **MELTDOWN!**

**C**UTIE Kerry Washington has yet to celebrate her second wedding anniversary, but she's already facing a marriage "Scandal!"

The National ENQUIRER has learned the 38-year-old beauty and husband, retired NFL player Nnamdi Asomugha, are in "couples therapy."

A close source revealed: "The root of the problem is that Nnamdi feels threat-

ened by Kerry's success."  
**Washington and NFL  
hubby in desperate  
bid to avoid a split!**

Nnamdi, 33, has been out of the spotlight since leaving the NFL, while Kerry - who plays a Capitol Hill "fixer" on the hit ABC series - is one of the hottest names in Hollywood.

"Nnamdi's bitter because he feels he should be the bread-

winner," added the source.

Now the "Django Unchained" actress is trying to save the marriage with professional help, and she's getting reassurance from another Hollywood name, according to sources.

"Kerry's close friends with Gwyneth Paltrow. She's urged Kerry and Nnamdi to tackle their issues head on," a pal said. "She's hoping couples counseling can help them overcome their problems before things reach the point of no return."

that would have brought you down.”

Yet another lover confessed how she'd been forced to tell her spouse that she'd cheated – with the heavyweight TV gab queen!

“I told \*\*\*\* honestly you had spent the night with me, that I was reconnecting with you,” gushed the woman.

The ENQUIRER has decided not to name the women on Rosie's conquest list.

**THE DISCLOSURE OF** the lewd letters and emails is a sensational twist to the divorce case plaguing Rosie, who quit her second stint on “The View” – and her marriage – in February.

When asked if Rosie cheated, her rep told The ENQUIRER: “Unfortunately when two people get divorced, there's always ugliness involved.”

But, explained the source:

all along I tried to be sensitive to you and your family's needs

I helped you rewrite our history to those lawyers so Kelli couldn't take the kids

I respected every goodbye all those years

Rose, I wanted to be your wife, but you didn't want me as that, and I would've been so self destructive and in turn that would have brought you down. Fame has never been important to me, but I really had to prove that

“There's no doubt this disclosure of emails and letters could be damaging to Rosie if her split with Michelle ends up in divorce court. It's certainly stuff that Rosie wants to keep dead and buried!”

But it wasn't just Michelle who suffered at the wandering eyes of Rosie, The ENQUIRER has learned.

This publication has viewed damaging correspondence

centered around her previous marriage to ex-wife Kelli Carpenter.

“I helped you rewrite our history ... so Kelli couldn't take the kids,” bemoaned another lover. “I found out you were dating someone and were happy in love. I was shocked.”

Kelli, a former television executive, split from Rosie in 2007. But the comedian kept the secret until 2009,

when she stepped out with Texas-based artist Tracy Kachtick-Anders. That too went bust.

But for all her ill-fated romances, one woman appeared not to have suffered the same fate as others.

Pouring her heart out in an email, this besotted lover told Rosie: “Your email makes me love you even more if at all possible!” **NE**

# TERRIFYING MS ORDEAL!

**A**CTRESS Teri Garr is struggling through her last days in Hollywood – with the former comedy kitten ravaged by multiple sclerosis!

The brave funnygal is now barely recognizable and mostly confined to a wheelchair, as these exclusive National ENQUIRER photos show.

The “Young Frankenstein” star – also nominated for an Academy Award for her role in the 1982 film “Tootsie” – appeared “to be a shell of her former self,” according to an eyewitness who spied Teri on a rare outing on April 14.

“It’s so sad what the MS has done to her,” the source added.

“She can barely lift her legs, and can walk

only a few feet with the help of a cane. When you do see Teri, she has on easy-to-wear clothing and big sunglasses.

“Her nurse will take her out to stretch her legs for a few minutes each day, and sometimes Teri will be taken for lunch to get out of the house.”

**THE BLONDE BEAUTY** began battling the disease quietly in the late 1990s, before publicly confirming her diagnosis in 2002.

Four years later, Teri suffered another health crisis when she was rushed to the hospital after suffering a potentially fatal brain aneurysm.

Teri then abruptly retired from any screen work in 2007 – years after winning over a new generation of fans with her work as Phoebe’s

The 67-year-old managed to attend a 40th anniversary celebration of "Young Frankenstein" last September while in her distinctive red wheelchair.

"It appears that Teri's now in a constant struggle, and her only companion is her caregiving nurse," revealed the insider.

"She was once one of America's top funny ladies, but now the laughter is literally gone from her life!"

Another source added that Teri's spirits are kept up by her 21-year-old adopted daughter, Molly, who visits her mother often at her modest home in L.A.'s San Fernando Valley.

Teri was previously married to John O'Neil, but the couple divorced in 1996 after just three years. **NE**

# REVEALED: THE DEADLY SWEATSHOPS WHERE WORKERS TOIL IN 16-HOUR

**T**WO workers have died under mysterious circumstances at the prison-like factory in China where underpaid laborers are racing to meet America's demand for the Apple Watch!

That's just one of many shocking claims made by an undercover investigator who toiled among 70,000 young Chinese workers putting in 16-hour shifts, six days a week for as little as 80 cents an hour!

The explosive probe, revealed exclusively in The National ENQUIRER, shatters the glitzy veneer of Apple's high-tech empire and its astounding \$38.5 billion in annual profits!

While the company's chief, Tim Cook, pocketed \$100 million in "performance-based" compensation last year, the investigator's base pay at Quanta Computer's grimy compound in China's Jiangsu Province was \$298 a month.

That measly salary was before such deductions as a \$16 "hiring fee" and \$9.66 for a mandatory "physical exam."

On April 2, during the clandestine investigator's first of two weeks on the job, he said the body of a fellow male worker was found floating in a river in the "living area" of the complex

The next day, the body of a female worker was discovered in the murky water, according to the investigator. The pair is believed to have drowned themselves in despair.

At least 14 suicides have been reported at other Chinese factories that manufacture Apple products, The ENQUIRER has confirmed.

According to the probe:

■ The highly contagious diseases measles and rubella sickened at least 100 Quanta employees.

■ The investigator was assigned to a workshop with 20 toilets for 3,000 people. Laborers who returned late from bathroom breaks are subjected to humiliating punishments.

■ Despite two explosions at Chinese iPad factories that killed four people and injured 77, the investigator was not told the whereabouts of emergency exits or fire extinguishers.

■ While given a "pre-job" safety course, the undercover operative was not told about a chemical used to wipe Apple Watch screens that's reputedly even more dangerous than a

**HOURS AFTER** the Apple Watch went on sale on April 10, workers were told that Apple had “repeatedly complained” about their “ability to execute,” the investigator said.

The gadgets are priced from \$349 for the “Sport” to as much as \$17,000 for the “Uniquely Elegant” edition – and nearly \$1 billion worth have already been ordered!

given to employees by Quanta vice president Eric Chiu, which was provided to The ENQUIRER.

The letter also warned workers that anyone who violates the “discipline” necessary to meet “market demand” will be fired!

The New York-based human rights group China Labor Watch [CLW] arranged for the investigator to infiltrate the plant.

Speaking exclusively to The ENQUIRER, they’ve accused Apple of outright hypocrisy!

The organization said the Silicon Valley giant claims a “Code of Conduct” protects any laborer hired to manufacture an Apple product. The code assures that all employees be treated “with the utmost dignity and respect.”

Employees cannot be subjected to “harsh or inhumane treatment, including but not limited to verbal abuse and harassment,” and they cannot work more than 60 hours a week,

## Kate & George's COUNTRY PLAY DATE!

IT WAS the final outing for Prince George and his heavily pregnant mom, Duchess of Cambridge Kate Middleton, and they sure looked like they had some fun!

Kate treated 21-month-old George to a day at a farm and petting zoo near their home. Before long, the pint-sized prince was holding court with a gaggle of admirers.

The mom-and-son bonding included Kate, 33, supporting "Georgie" – as she calls him – while the energetic heir scrambled up onto the playground

equipment. Once they reached the top, she took his hand and together they slid down twin slides.

The royal pair then hit the main attractions: real farm animals! Observers said they fed goats and pigs, and an excited George – with Kate's guidance – joined a group of children and bottle-fed a piglet.

When it came time to leave, the miniature monarch had other ideas. Perched high on a stack of hay bales, it took all of Kate's powers of persuasion to coax him from his throne! **NE**

# Bobby's BATTLE OF THE BABES!

## Giada & January vie for his affection

**H**E'S whipped up a messy divorce worthy of a movie star – but The National ENQUIRER has learned that celebrity chef Bobby Flay is also juggling too many cooks in his extramarital kitchen!

The Food Network favorite got served bad press when he recently announced his divorce from “Law & Order: SVU” star Stephanie March, with the actress accusing him of sleeping around and threatening to throw her sick mother out on the street!

Now the 50-year-old restaurateur might be planning

a sizzling romance with fellow foodie Giada De Laurentiis, The ENQUIRER has learned.

“Bobby and her have been spending a lot of time together,” a longtime friend of Giada revealed.

“Even when work keeps them apart, they’re phoning and texting each other all the time!”

And that’s just months after 44-year-old Giada – who has a 7-year-old daughter – wrapped up 2014 by announcing she was divorcing her hubby of 11 years!

Close pals are warning the “Giada at Home” star that

Bobby has lots of leftover drama, with rumors still rampant that the chef – who’s worth an estimated \$20 million – is also the father of “Mad Men” beauty January Jones’ love child!

In June 2010, tongues were wagging after the glamorous blonde, 37, called Bobby for help after a late night car accident – even though the two celebs were supposedly strangers.

Fifteen months later, Janu-

ary gave birth to her son, Xander – and still refuses to reveal the identity of the child’s father!

Now she’s dating former “SNL” star Bill Hader, but insiders think Bob-

by and January still have a very close connection.

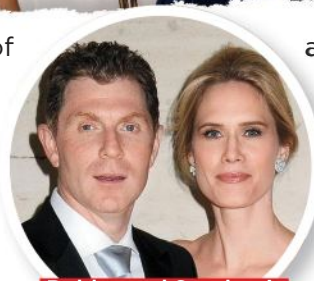

That’s why Giada’s friends have raised the red flag.

“Bobby has an eye for the ladies, and Giada is very trusting,” said the source. “There’s a real danger that he could end up breaking her heart!”

## Sexy Sofia AT WAR with naughty Nick!

**S**OFIA Vergara’s cheating ex doesn’t deserve to start a “Modern Family” with their frozen embryos, her pals have told The National ENQUIRER.

While engaged to Sofia, Nick Loeb secretly led a double life – blowing his money on Viagra-fueled and cocaine-laced orgies with strippers and hookers!

Now pals of the 42-year-old TV spitfire are outraged that entrepreneur Nick is waging a court battle to obtain the frozen embryos the couple once planned to use for starting a family.

“Nick two-timed Sofia with strippers and hookers! He’s the last guy in the world who should be a dad!” a friend of the actress dished.

Playboy Nick repeatedly cheated while he was in a relationship with Sofia

“It’s outrageous that he wants to do this after they split up.”

The ENQUIRER exposed Nick’s disgusting behavior in 2012 reports before Sofia dumped him last May.

The beauty is now engaged to hunk Joe Manganiello, but Nick sparked a headline-making scandal by filing a complaint against her and the ART Reproductive Center in California to prevent destruction of the embryos fertilized in 2013.

If Nick wins the court battle, he wants to use the embryos so he can have children on his own, but Sofia would have no parental responsibility!

Added her friend: “Nick’s pathetic. It’s laughable that he would even think of raising their babies after what he put Sofia through.” **NE**

**Mom of killer Darlie Routier begs Amanda to help pay for DNA test**

Darlie Kee, far left, is calling on Amanda, inset, to help her daughter. Inset left, Routier's ex-husband, Darin, and son Drake

**A**MANDA Knox – cleared of the 2007 murder of her roommate in Italy – is now embroiled in another famous murder case: She's being asked to help convicted killer mom Darlie Routier! "I reached out to Amanda Knox because she said she wanted to help fight for people who are innocent," Darlie Kee, 62, told *THE ENQUIRER* in an exclusive interview.

Darlie – who shares a first name with her infamous daughter – said Amanda's notoriety as a falsely accused killer could help raise funds to pay for DNA tests to prove the imprisoned mom's innocence.

A jury found Routier guilty of murder in the deaths of her sons Devon, 6, and Damon, 5, while her husband, Darin, and infant son, Drake, were asleep on the night of June 6, 1996.

But her mom remains determined to free her daughter,

**ENQUIRER  
EXCLUSIVE**

and is desperately reaching out to Amanda, 27, for help.

"Everything depends on the DNA," Darlie said.

Darlie's daughter shocked the nation when the blonde, then 26, claimed an intruder broke into the family's Dallas home and stabbed the children before attacking her – and she had bruises to her arms and a deep cut across her throat to back up the tale.

But prosecutors charged Routier for the horrific crime

after her own bloody fingerprint was found on the butcher knife that murdered her boys.

The jury was also swayed by a bizarre videotape shot eight days after the murders, with Routier laughing and dancing as she sprayed Silly String on Devon's grave during a birthday celebration. Routier's defenders insist the prosecu-

tion neglected to show the solemn graveside ceremony that occurred beforehand.

Routier is also getting support from her ex-husband – who said prosecutors were too quick to convict his former wife.

"She's 100 percent innocent," Darin told *THE ENQUIRER*. "There is no evidence to prove her guilt. She was basically convicted on Silly String."

After Routier's conviction a movement sprang up to proclaim her innocence, with many supporters citing the presence of a bloody fingerprint that didn't belong to anyone who lived in the house.

"The truth is Darlie [Routier] loved those kids more than life itself, and she would've easily given up her life for theirs – in a second," Darin added. **NE**

**The route to  
FREEDOM**

DARLIE Routier's freedom might depend on a bloody fingerprint found at the crime scene – that doesn't match her own!

"We just have to wait our turn," said her mother, Darlie Kee, who's trying to raise money for tests that will hopefully separate identifying DNA from the fingerprint oil.

# Tearful Tom's DOUBLE ANGUISH

**After losing first wife to cancer, Hanks vows history will not repeat itself with Rita!**

**A**CTRESS Rita Wilson's cancer diagnosis is a tragic double whammy for hubby Tom Hanks, *The National ENQUIRER* has learned.

The actor's first wife, Susan Dillingham, lost a struggle with bone cancer, and sources said Tom's determined that his beloved Rita will not suffer the same fate.

Tragically, Susan – mom of Tom's older kids, Colin and Elizabeth – was only 49 when she died in 2002.

"Despite a nasty divorce, Tom later paid for specialists to help Susan," a source said.

"But they determined it was already too late for her. Then

and there, Tom vowed that if a member of his family were diagnosed with cancer, he'd never let that happen again.

"When Rita was diagnosed with breast cancer, he immediately supported her decision to go under the knife."

Rita, 58, said in a statement: "With my husband by my side, and with the love and support of family and friends, I underwent a bilateral mastectomy and reconstruction for breast cancer."

Rita was diagnosed with "invasive lobular carcinoma," a type of breast cancer that begins in the breast but, over time, will spread to other areas of the body.

Tom and Rita; inset, a baby-faced Tom with first wife Susan Dillingham

Added another family insider: "The last thing that Tom wanted was to have a repeat of what happened with Susan, when they caught the cancer too late to save her."

Meanwhile, Tom, also 58, has battled his own medical

problem – type 2 diabetes.

Said the first source: "Tom is acutely aware of his health, and he's proud and supportive of the steps Rita's taken to ensure her longevity. He knows it will bring them closer together." **NE**

## TAYLOR TURNS TO ANGIE OVER MOM'S CANCER!

**T**AYLOR Swift has found a famous shoulder to cry on during her mother's cancer ordeal – Angelina Jolie!

The 25-year-old singer decided to share her mom's devastating diagnosis after speaking to cancer warrior Angelina, *The National ENQUIRER* has learned.

"Taylor is a longtime fan of Angie's," said a Swift insider. "She admires how much awareness Angie has raised about cancer, thanks to being candid about her own health struggles."

Angelina lost her beloved mother to

ovarian cancer, and "Style" crooner Taylor has been inspired by the actress' gutsy decision to go public with her double mastectomy and other preventative measures against cancer, insiders added.

"Taylor got Angie's number through mutual contacts," said the source.

"She told Taylor that by going public she could possibly save many lives – and Angie pushed Taylor to encourage her fans to be diligent about proactive health care."

Taylor revealed April 9 that her mom, 57, is battling the Big C

Fastin®-XR (Extended Release) was subsequently launched based upon Hi-Tech's Exclusive, Clinically-Studied, Phenylethylamine Alkaloids derived from Acacia Rigidula (Thermo-Rx®). The findings from Hi-Tech's randomized, double-blind, placebo controlled study showed convincingly that Acacia Rigidula promotes significant increases in Resting Energy Expenditure (Metabolism)(12%+) still evident 3 hrs post ingestion. The clinical study on Thermo-Rx® showed an astounding increase in resting metabolic rate that was superior to the findings of previous studies which reported that 10 to 30mg ephedrine - once believed to be the Gold Standard of Weight Loss compounds - increased energy expenditure by 6.6% to 10% (Versus 12%+ Acacia). Thermo-Rx® combined with all the other components in Fastin®-XR was shown in the same double-blind, placebo controlled study to elevate Energy Expenditure (Metabolism) 371% when compared against Caffeine at 3hrs post ingestion and 871% over Placebo at its highest point. Therefore, Fastin®-XR was shown to increase Metabolism more than DOUBLE that of 10 mg Ephedrine in past studies (150% stronger than Ephedrine)!

## Wood's candid diary reveals her heartache over **Monroe's death**

**T**HE death of Marilyn Monroe drove fragile beauty Natalie Wood to seek psychiatric help – terrified that she'd meet the same tragic fate as the ultimate blonde bombshell!

That's yet another disclosure from Natalie's secret diary - a chilling 118-page document kept hidden under lock and key until The National ENQUIRER obtained it exclusively.

"I had known her [Marilyn] and seen her days before her death," Natalie wrote. "Her beauty, charming wit and joy of life seemed paradoxical to the intense loneliness which she faced in her life."

Of Marilyn's passing, the "West Side Story" star penned: "Her death, the waste of her beauty, talent and worth

as a human being had an enormous effect on me. One of the effects was that I again mobilized my resources to seek help in analysis.”

Natalie, who died in 1981 under puzzling circumstances after a wild night with husband Robert Wagner and "Brainstorm" co-star Christopher Walken, also confided to her mother that she was desperately worried she'd "end up like Marilyn."

Natalie's sister Lana Wood shared the diary in hopes it could help detectives with their probe into her death.

The journal also reveals Natalie found herself in a love triangle with Liz Taylor when she began dating Liz's ex-husband Nicky Hilton.

She wrote: "I met Nick a few years after his divorce from Elizabeth Taylor [in 1951] on a junket to Mexico City. Nick had wanted to meet me ... I was

terrified of flying, and annoyed at the studio for making me go. But it turned out I had a fabulous time.

“For a while,  
Nick and I  
thought we loved

each other. But we both had fiery tempers, and we clashed often over insignificant things."

Natalie's heartbreaking diary also reveals she suffered intense loneliness.

She confessed: “When I think of my early years, it seems as if I spent most of that time auditioning. I was terribly insulated from the world outside the studio. So I didn’t know how to react to situations that seemed conventional to other children.

“The most important thing in my early years was to win the approval of others. It was only later that I learned that it was equally vital for me to develop self-esteem.”

# Wagner's plot to kill Warren Beatty

# A N INSANELY jealous Robert Wagner plotted to kill love rival Warren Beatty.

**In a shocking confession, Robert admitted that he stalked the legendary ladies' man with a gun after learning that Warren was sleeping with his then estranged wife, Natalie Wood.**

**“When I read about the two of them as the hot young**

couple around town, I wanted to kill that son of a b----," Robert wrote in his 2008 memoir, "Pieces of My Heart."

"I was hanging around outside his house with a gun, hoping he would walk out. I not only wanted to kill him, I was prepared to kill him ... The one thing I did not want to have happen was

have him move into my life and break up my marriage.

**"That was the absolute bottom. I felt as if the ground I had been standing on was being systematically cut beneath me."**

Robert admitted he tried to numb the pain with booze, and considered suicide if he couldn't take out Warren. **NE**

## Unanswered questions

I am with you, Lana ["Natalie Wood's Sister Writes Letter...", April 20]. I think the detectives should force Robert Wagner to talk to them. After all, he is just an ordinary man and they are trying to solve the murder of his wife and her sister.

—Anne C.  
Rapids City, Ill.

## Celine's courage

Bravo to singer Celine Dion for devoting the past year to caring for her family and ailing husband, René Angélil ["Show Goes On for Brave Celine!" April 13]. It's difficult to watch the one you love die. I'm also pleased to learn that René wants Celine to relaunch her career in Vegas — that is true love!

## Letter of the week

### Wagner needs to talk

Natalie Wood was more than a beautiful movie star, she was also a wife and mother who was beloved by her family and fans — of which I am one. It is still so tragic the way she died, especially since it is so mysterious. If it were my sister, I'd want to know what happened also!

NATALIE WOOD'S SISTER WRITES LETTER URGING CHRISTOPHER WALKEN TO COME

### The evolution of Bruce

I have one question about Jenner's jugs ["Bruce's Boob Job Bonanza," April 13]. Shouldn't he get ARRESTED for indecent exposure? After all, the man is almost a woman, right?!

—V.S.  
Ohio

Why is it that Bruce has a better bust than I do? Oh I know, it's because he has more money than me, plus he has Kim Kardashian for inspiration.

—Barb N.

### Dazed and confused

It doesn't surprise me that some stars are sky-high ["Hollywood Drug Dealers Tell All," April 13]. Where I come from, if you get caught with drug paraphernalia, you do jail time. How come these stars are walking around free?

—Louise C.

God will forgive preacher Willie Robertson for marrying cheating Jason Aldean and home-wrecker Brittany Kerr ["'Duck Dynasty' Star Blasted by Pals," April 13]. Down the line, I see

# PIANO MAN HITS A BUM NOTE!

**T**HE “Piano Man” is about to become a 66-year-old “Piano Daddy” once more – but Billy Joel’s daughter isn’t ready to give up being her father’s only child!

But the papa-to-be pop star just rocked Alexa Ray Joel’s plans to solely inherit Billy’s \$180 million fortune!

And sources told The National ENQUIRER that Alexa’s mom, Christie Brinkley,

## Dad-to-be Billy sparks bitter rift over his \$180 million fortune

is also unhappy about Billy having a kid with 33-year-old girlfriend Alexis Roderick.

“The news caught them completely off guard,” said an insider.

“Billy hasn’t even married his girlfriend yet – and she’s already pregnant, and there’s no doubt she’ll want the child to share in a large chunk of Billy’s estate!”

Christie, who split from the singer in 1994, had always expected their 29-year-old

daughter would inherit everything from Billy.

“Alexa has faithfully been at her dad’s side her whole life, through his messy marriages and his personal problems,” dished the family friend.

“Now she’s no longer the only kid in the picture – and, truth be told, it rubs her the wrong way that Alexis is only a few years older than her!”

Meanwhile, the family of Billy’s baby mama couldn’t be happier.

Alexis’ brother, Bruce Roderick, told The ENQUIRER: “I’m very happy for them. Billy’s a wonderful guy.”

## Going nowhere: Evil Spector loses chance to clear his name!

**L**EGENDARY “Wall of Sound” music producer Phil Spector has been hit with a legal setback – and it’s likely he’ll die a murderer, The National ENQUIRER has learned!

Spector, 75, began serving 19 years to life in 2009 after he was found guilty of murdering actress Lana Clarkson six years earlier.

As The ENQUIRER reported, his attorneys filed an appeal asking for a speedy review of his conviction, citing his rapidly declining health.

But a March 12 ruling unearthed exclusively by The National ENQUIRER dashed any hope for a quick review of the case.

A judge denied the motion to speed up a decision on Spector’s appeal, adding that he expects to make recommendations by September.

“Phil may have lost his last chance to clear his name,” an insider revealed.

“And if he dies a murderer, it will forever tarnish his reputation as a musical genius and rock ‘n’ roll god.”

Added the source: “If Phil dies in jail, his murder conviction will likely be his lasting legacy!” **NE**

# HILLARY 'HID T OF MURDERED

■ VINCE FOSTER'S DEATH **MADE TO LOOK LIKE SUICIDE**: INVESTIGATOR

■ **'BODY MOVED'** FROM WHITE HOUSE TO PARK NEAR D.C.

**S**HE'S launched her campaign to be president – but now Hillary Clinton faces the sensational disclosure that she covered up a murder at 1600 Pennsylvania Avenue!

That's part of a blockbuster National ENQUIRER investigation exposing the shocking evidence that the Oval Office hopeful conspired to hide the truth about her illicit love affair with Vince Foster, a former Deputy White House Counsel under her husband, Bill.

In a case that remains a lingering mystery, the Arkansas lawyer was found shot to death in 1993 just months after Hillary pressured him into following her and the new president to Washington, D.C., to take up a high-powered position – a stress-packed job that reportedly drove him into a deep depression.

His death from a gunshot wound to the mouth – with his father's .38-caliber pistol at his side – was a clear case of suicide, according to law enforcement. Or was it?

**IN AN EXCLUSIVE** interview, investigator Robert Morrow disclosed that he has unearthed bombshell new evidence to suggest Foster was shot to death in his White House office – not in peaceful Fort Marcy Park in McLean, Va., where his body was found slumped next to a Civil War cannon on the night of July 20.

"Hillary pushed him over the edge," Morrow told The ENQUIRER.

"The dirty secret that's haunting Hillary to this day is that it was her instruction to move Foster's body so that

it was no longer under the jurisdiction of the Washington, D.C., police. By having the body dumped in the park, the investigation fell under a different jurisdiction – that of the U.S. Park Police."

**ACCORDING TO** Morrow and Larry Nichols, a onetime close aide to the Clinton family, Hillary personally orchestrated the plot to smuggle Foster's 6-foot-

4, 200-pound corpse into a waiting government car.

"Vince's body was wrapped

in a long shag multi-colored carpet," divulged Nichols.

In a sensational disclosure that could crack the case wide open, The ENQUIRER has also learned of a secret dossier that could verify that element of the mystery!

In a five-page 1994 letter sent to independent counsel Kenneth Starr by then Indiana Congressman Dan Burton, it was revealed an FBI lab report concluded "carpet fibers of various colors were found on Mr. Foster's jacket,

tie, shirt, shorts, pants, socks and shoes. No effort was made to match these fibers," the politician noted.

The FBI lab report also found that "blonde to light brown hairs of Caucasian origin" that did not belong to Foster were found on his T-shirt, pants, belt, socks and shoes – "and that no efforts were made to match these hairs to anyone known to be associated with Mr. Foster."

What's more, the congressman asked for a reopening of

the investigation because the FBI never found the fatal bullet or skull fragments – and none of Foster's teeth were “broken, as is customary in a self-inflicted gunshot wound through the mouth.”

**IN THE** months following Foster's death, rumors swirled that a hit man had murdered him because “he knew too much” about the Whitewater real estate investment scandal, other Clinton misdeeds and Bill's notorious bimbo eruptions.

Questions were also raised about sensitive files White

House staff – including Hillary's Chief of Staff – removed from Foster's office in the hours after his death.

**FOSTER** – who attended kindergarten with Bill Clinton in Hope, Ark. – was a partner in Little Rock's prestigious Rose Law Firm, where he was joined by Hillary after her marriage to Bill. But talking to a colleague about his dealings with Hillary, he bemoaned: “It's not the same.”

Hillary, 67, would bark “Fix it, Vince!” or “Handle it, Vince!” he confided to another pal before his death – and ►

## Fingerprints

No fingerprints were detected on the gun found in Mr. Foster's briefcase six days after his death. A report suggests that the heat destroyed the fingerprints. However, the grip on the gun was not affected. Also, no fingerprints were detected on the 27 pieces found in Mr. Foster's briefcase six days after his death.

would leave him to pick up the shattered pieces.

In one specific incident in the weeks prior to Foster's violent death, the First Lady reportedly ridiculed him in front of his peers.

"Hillary put him down really, really bad in a pretty good-size meeting," author Ronald Kessler wrote in his book, "The First Family Detail," providing troubling insight into Hillary's relationship with her lover that was said to have begun when the Clintons took the White House.

"As they worked together, she began confiding in him about Bill's infidelity," a source told The ENQUIRER.

"Bill was cheating on Hillary constantly and Hillary knew it.

"Vince was very sympathetic to Hillary. They developed a deep friendship. They also worked late together many nights – and Vince fell in love with Hillary."

But she could be cold and callous, sources detailed.

"She told him he didn't get the picture, and he would always be a little hick-town lawyer. It was the straw that broke the camel's back," added the source.

**NOW LESS** than three weeks after announcing her 2016 candidacy, the former Secretary of State faces the same questions that dogged her decades earlier.

"There are bombshells waiting to explode," a White House insider declared. "The Republicans are just sitting back chortling – and waiting!"

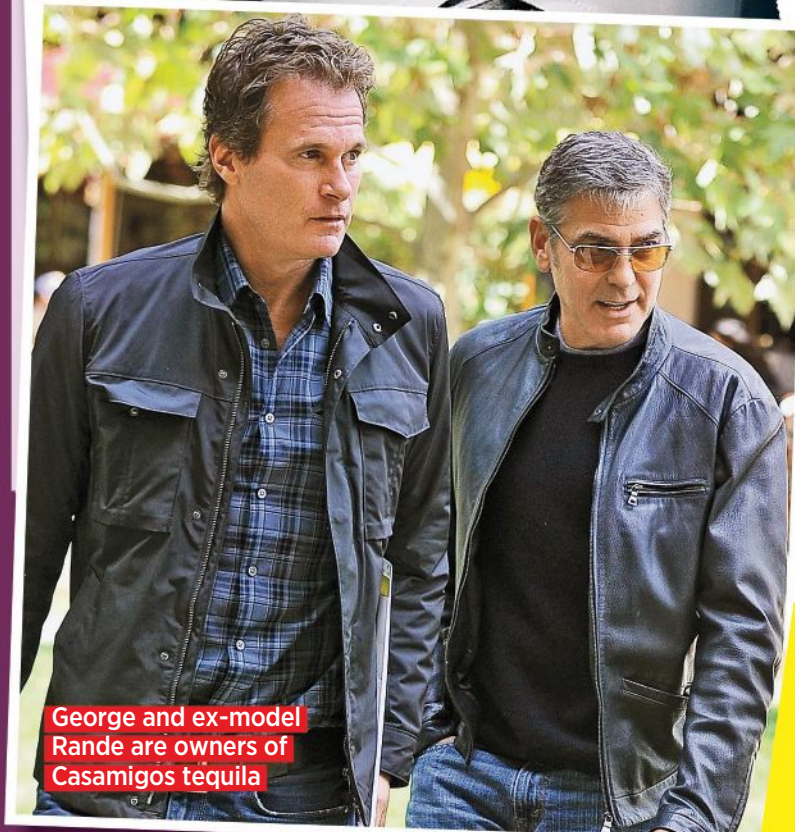

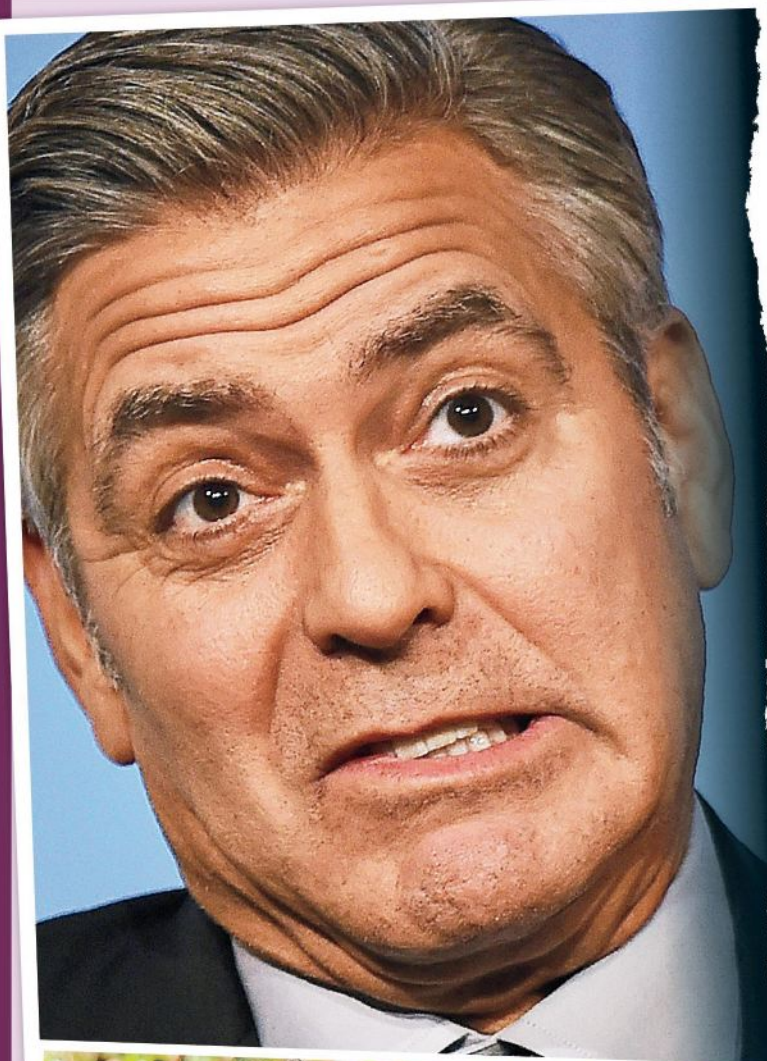

Others believe the Vince Foster scandal exposes Hillary's true political nature.

According to Marinka Peshmann, author of 2012's "Following Orders: The Death of Vince Foster, Clinton White House Lawyer," Hillary should not be in the White House.

"She should be in jail!"

Concluded Larry Nichols: "Hillary's White House murder cover-up will destroy her bid to be president in 2016!" **NE**

George and ex-model Rande are owners of Casamigos tequila

## George's 'friendship' with Cindy Crawford's hubby could end in \$220 million divorce

**A**S GEORGE Clooney's marriage limps past the 200-day mark, The National ENQUIRER has uncovered how a man has come between the actor and his gorgeous wife, Amal!

He's supermodel Cindy Crawford's hubby, Rande Gerber – and insiders said his "bro-mance" with George, 53, could lead to a blockbuster \$220 million Clooney divorce!

The "Gravity" hunk has already shoehorned Rande, 53, into several celebrations with his bride, including their first Christmas and Amal's birthday!

### THE PATTERN REPEATS

George's bad-boy antics as a Hollywood bachelor, and our well-placed source said no one's to blame but the star himself!

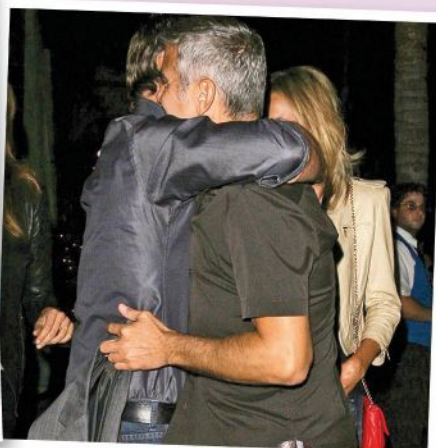

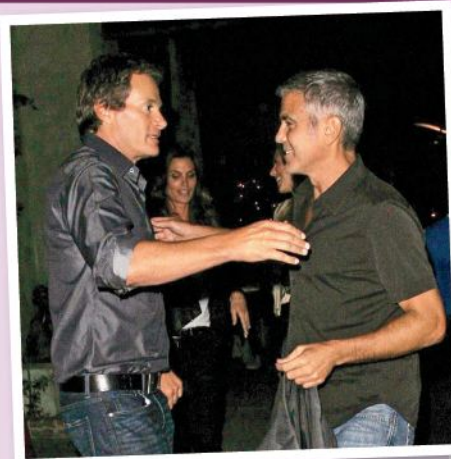

"George needs to realize he's married," our source said. "Marriage is a commitment – you're either in or out!"

Another source said: "George wants them to be a happy foursome, but Amal thinks Rande is a frat boy, and she hasn't clicked with Cindy at all."

Tensions between the pair boiled over when the Oscar winner prepped lawyer Amal,

# Clueless Clo TEAR

Adding to their troubles, Amal's London law firm is a world away from George's old Studio City digs in L.A., leaving George plenty of time to spend with Rande, top left

37, for the weeks-long motorcycle jaunt he's taken with Rande for the past 15 years.

"Amal wanted to know why the trip was a priority when they have so much trouble spending time together," our source said. "She was hurt."

Despite their recent public show of togetherness in NYC while Amal guest-lectured at Columbia University and George filmed "Money Monster," the marriage has been a logistical nightmare!

According to an insider, "Money Monster" films only Wednesdays through Sundays. There's no night filming, leaving George with plenty of free time to spend with Amal.

"But since Amal is so busy, he's been hanging out with Rande," the insider said.

To make it worse, "Amal hopes to come home from a long day of work to find her husband waiting for her. When he's not, they bicker back and forth in a vicious circle."

When the couple can relax,

George inevitably squeezes Rande and Cindy into the mix, our source said.

The newlyweds spent their first Christmas and New Year's with Rande and Cindy in Los Cabos, Mexico. Photos from the trip show the guys knocking back booze and rapt in conversation, while Amal and Cindy stared vacantly into space.

And instead of dinner for two on Amal's birthday Feb. 3, "George invited his long-time besties to [her birthday] dinner!" said the source.

**DESPITE THAT,** George spent part of Valentine's Day weekend with his best bud. After a sushi dinner with Amal at Asanebo in Studio City on Saturday night, he highailed it to Rande and Cindy's Malibu pad by Monday to party!

Since George has been working in New York, The ENQUIRER informant added: "Amal says he stays out too late. George counters by say-

ing that some nights, he stays out later than others because he doesn't have an early call on the set.

"He's also reminded Amal that he lost his best bud, Brad Pitt, after Angelina Jolie turned him into a stay-at-home dad. George has vowed to not let that happen, and he reminds Amal that

she's always invited."

Meanwhile, Rande and George have been pals since they met 20 years ago and their bromance has endured George's endless parade of girlfriends.

"George's women come and go, but Rande always manages to survive," said our source. **NE**

**S**CIENTOLOGY touts its imposing “Celebrity Centre” in Hollywood as a place for famous members “with the power and vision to create a better world” to gather.

But for the movie and television stars who step inside the massive seven-story building – a replica of a 17th-century French-Normandy castle – it’s actually a chilling “House of Horrors!”

That’s the blockbuster finding of a world-exclusive investigation conducted by The National ENQUIRER that reveals the brainwashing, harassment and torture inflicted on the cult-like religion’s A-list members by its leaders.

“Scientology has scarred the lives of its top celeb members, and even others who have considered joining,” revealed one church whistle-blower.

“Jerry Seinfeld and Russell Crowe realized what the church was about, and ran like hell after they toyed with becoming members!”

Tragic “Superman” star Christopher Reeve “smartly” abandoned ship after he was hooked up to an “E-meter,” a crude lie detector used by Scientology auditors, added the source.

The informant added: “But others who have stayed have been less fortunate – and seen their lives destroyed!”

“The King of Queens” actress Leah Remini suffered through a vicious “hate campaign” when she defected in 2013, after disagreeing with

some of the controversial church’s practices and policies.

Until then, she and another devout Scientologist, Kirstie Alley, had been close pals. But after Leah left, Kirstie lashed out on Twitter, posting a message about losing someone she “thought was my friend,” and then adding: “F--- ‘em.”

But the former “Cheers” star is one of many top actors facing possible retribution if she

ert,” said the source.

“That’s where the incriminating logs, tapes and videos are held!”

Carmen Llywelyn, the ex-wife of Scientologist Jason Lee, who starred on TV’s “My Name Is Earl,” told The ENQUIRER the church harbors “a sick obsession” with its members’ sex lives.

But no celebrity has come under greater scrutiny about his or her sexuality than

Preston, “has been kept a prisoner of the church because they know all the details of her personal life as well,” the source said.

John’s personal assistant, Sylvia “Spanky” Taylor, was even terrorized by the church when her 10-month-old daughter was placed “in a prison for children” after she questioned their policies. She later fled a “torture chamber,” and was able to rescue the baby and leave Scientology.

One star who hasn’t been afraid of cutting ties with the church is Lisa Marie Presley, who broke from Scientology in 2012.

Later, the mom of four cryptically said: “I was surrounded by people who were not well-intended ... I uncovered it and it was mind-blowing.”

She was not alone. “Ghost” star Demi Moore quit her studies with the religion after hooking up with Bruce Willis, because he didn’t want his future kids raised as Scientologists.

Will Smith and wife Jada Pinkett Smith have long denied being Scientologists, although they opened a school that followed a teaching method developed by Scientology founder L. Ron Hubbard. The school abruptly shut down in 2013, with some students claiming that they couldn’t even read when they left sixth grade.

The source said: “If they’re smart, they will forget they were ever associated with Scientology!”

ever defected, sources said.

While Scientology denies keeping “dirt files,” audio or video recordings of its members during auditing sessions – the equivalent of a Catholic church confessional – a source said: “Kirstie is trapped because Scientology has all her personal secrets and can use them for blackmail!”

The 64-year-old battled cocaine abuse in the past, and has been the subject of persistent rumors about her sexuality.

“Her secrets are kept in Scientology’s mountainside vault in the New Mexico des-

ert,” said the source.

61-year-old John Travolta. Jesse Prince, who claimed he held the church’s second-highest rank when he left in 1992 after 16 years, told The ENQUIRER: “I can confirm that John Travolta once threatened to marry his boyfriend.

“There’s no question [Scientology] had a lot on John’s gay activities and used it to keep him from leaving – and to keep him in line.”

## KATIE AND SURI

**S**CIENTOLOGY turned Katie's life into a living hell!

Soon after the "Dawson's Creek" star was set up with Tom in 2005, she was assigned a minder – veteran Scientologist Jessica Rodriguez. The nightmare got

even worse after Katie became pregnant with daughter Suri, and married Tom in 2006.

"It was hell," said the source. "Tom used his family members, including his mom, Mary Lee, and sister Cass to spy on her."

Katie was also ridiculed after biographer Andrew Morton suggested Suri was actually conceived through artificial insemination, using deceased Scientology founder L. Ron Hubbard's sperm.

In a stunning twist, Katie blindsided Tom with divorce papers in 2012 – over fears he planned to send Suri to Scientology's elite paramilitary unit called Sea Org.

Three years later, the ordeal continues: Suri hasn't been spotted in public with her dad since Dec. 2013. According to insiders, it's because the religion considers the 9-year-old a "Potential Trouble Source," or "PTS."

## NICOLE, ISABELLA AND CONNOR

**O**SCAR winner Nicole has been victimized by Scientology in the cruelest way – the church turned her adopted children with Tom against her!

"Isabella and Connor were brainwashed away from her," said the source. "On the rare occasion they do see her, they call her 'Nicole.' They never refer to her as their mother."

As the couple's bitter divorce dragged on, Nicole's phones were tapped – on Tom's orders!

In the recent headline-grabbing HBO documentary "Going Clear," ex-Scientologist Mark "Marty" Rathbun – a former key aide to David – claimed he was ordered to have Nicole's phones tapped because both Tom and David demanded it.

While the church and Tom denied the claims, the allegations

also surfaced in court documents that claimed Tom hired a notorious private investigator who secretly wiretapped Nicole during the pair's 2001 divorce.

Tom conspired with Anthony Pellicano – private eye to the stars – to surveil Nicole, alleged a \$5 million lawsuit filed by magazine editor Michael Davis Sapir, who once claimed the "Risky Business" star was gay.

# HOW THE CHURCH CONTROLS CRUISE & HIS WOMEN!

## MIMI

**T**OM'S then-girlfriend, Mimi, introduced him to Scientology when he was 24. The "Top Gun" star married the actress, who was 10 years his senior, in 1987.

But Mimi's marital life with Tom was anything but bliss. As questions about Tom's sexuality raged, he distanced himself from her, eventually ascending to the No. 3 slot in the church hierarchy, behind late founder L. Ron Hubbard and David.

Said the source: "Tom's marriage to Mimi was sabotaged because her father had left the religion. Miscavige encouraged Tom's romance with Nicole to get Mimi out of the picture."

## POTENTIAL WIVES

**T**OM reportedly dumped actress Penelope Cruz in 2004 because she shunned Scientology. He then auditioned several other starlets, including Scarlett Johansson, Jessica Alba, Kate Bosworth and Lindsay Lohan, to be his girlfriend.

"All of those actresses were unwittingly and unwillingly ensnared in Scientology's grip," said the source.

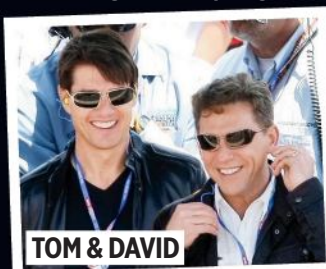

The church finally found a possible wife in gorgeous Scientologist Nazanin Boniadi, an unknown actress. Although the church denied it, sources said its leaders forced her to undergo a makeover and even have her teeth fixed. But Tom almost immediately disliked her.

**NAZANIN BONIADI**

Nazanin reportedly infuriated Tom when she suffered severe menstrual pain during a dinner with David. Tom believed she showed disrespect, and allegedly told her: "You don't get it."

After being dumped by Tom, Nazanin was forced to clean toilets with a toothbrush as punishment.

**LINDSAY LOHAN**

**D**AVID Miscavige acts like he's Tom's puppet master! Now that Tom's most embarrassing secrets are in the hands of Scientology leaders, they have him cornered!"

While he might serve as the public face of Scientology, a source told The National ENQUIRER Hollywood megastar Tom Cruise can't escape the abuse orchestrated by the cult-like church in its "House of Horrors!"

Although the church denied it, multiple sources claimed Scientology's top officials began keeping a "dirt file" on their most prized member in the late 1990s, and the dossier includes intimate details of Tom's sham marriages to Mimi Rogers, Nicole Kidman and Katie Holmes.

Scientology leader David acted as best man at Tom's wedding to Katie. But in a stunning act of apparent betrayal, he then went behind the "Mission: Impossible" star's back, ordering that Tom's church counseling sessions be recorded without his consent!

To keep the actor in line, the church throws perks his way, according to a disaffected member.

For over 20 years, its leaders have trapped Tom in a gilded cage by controlling every aspect of his life - from furnishing his home and providing him with a luxury SUV to caring for his children and running his finances.

"They even made sure Tom had slippers in a custom-built trailer so the carpet wasn't damaged," divulged one source. **NE**

INCLUDING overtime!

But a 63-hour week is MANDATORY at Quanta's plant, and most employees work even longer hours to make the Apple Watch, according to CLW program coordinator Kevin Slaten. "The base monthly wage is \$298," Slaten said.

"In order to earn a living wage, workers put in overtime every day, six days a week, doing 16-hour shifts and 90 to 100 hours of overtime a month during peak production times."

**BESIDES THAT**, workers are constantly ordered to work faster and yelled at with insults like, "You pig!" Slaten claimed.

If workers are late returning from their restroom break, they're punished by having to sing songs or perform something, he said.

The CLW probe revealed that terrified workers have to labor in silence and that the turnover rate is very high, with everyone on a production line replaced practically every two months.

"Once hired, workers sit on a cold cafeteria floor until they can replace a worker who has quit. They often wait for days," Slaten added.

"They are not allowed to talk during this 'training' period. If

Plant owners installed these morbid "anti-suicide nets" outside factories

they do, their work ID card is taken away, effectively terminating them."

He said: "Apple has around 100 technical personnel at Quanta monitoring production, and cannot deny it knows the way workers there are treated violates their 'Code of Conduct.'"

### AN EXPERT ON

international labor relations, Heather White, told The ENQUIRER that such harsh requirements are responsible for a spate of suicides at factories manufacturing iPhones, iPads and perhaps now the Apple Watch. She filmed a documentary featuring an interview with a young woman, Tian Yu, who hurled herself from the fourth floor of her dormitory at an Apple supplier's compound in 2010.

Just 17 at the time, Tian Yu claimed she was compelled to work 12-hour shifts for 14 consecutive days. She survived her suicide bid, but is paralyzed.

Since then, plant owners have installed "anti-suicide nets" around buildings rather than

improve working conditions.

"There are so many heart-breaking stories like this," White said.

**BUT WHITE'S** gravest concern for workers making the Apple Watch is contact with dangerous chemicals!

Apple has banned n-hexane, the solvent used to wipe iPhone screens that injured many iPhone workers.

"N-hexane led to very painful neurological damage. I met people who suffered paralysis for as long as two years," White added.

But she said an even more dangerous solvent, n-heptane, is being used to manufacture the Apple Watch!

The U.S. Centers for Disease Control warned 27 years ago that n-heptane is "more acutely toxic than hexane."

"If it gets into the lungs, it may be fatal," said White.

"If this was happening in the United States at factories making a flagship product for the world's most profitable corporation, it would not be tolerated."

# VICIOUS FAMILY FEUD B BALDWIN’S MELTDOWN

Ireland’s anguish could be a result of bitter fighting between her parents

into SOBA Recovery Center, a drug and alcohol treatment facility in Malibu that specializes in psychological disorders and addiction, Ireland took to Twitter to tell fans that she needed “intensive therapy” to “recover.”

“Someday I’ll feel ready to share my story,” she wrote.

## EXCERPTS FROM ALEC’S PHONE RANT TO IRELAND

I’m leaving this message with you to tell you, you have insulted me for the last time. You have insulted me. You don’t have the brains or the decency as a human being. I don’t give a damn that you’re 12 years old, or 11 years old or that you’re a child or that your mother is a thoughtless pain in the ass who doesn’t care about what you do as far as I’m concerned.

I’m going to straighten your ass out when I see you. Do you understand me? I’m going to really make sure you get it.

So you better be ready Friday the 20th to meet with me. So I’m going to let you know just how I feel about what a rude little pig you really are. You are a rude, thoughtless little pig, OK?

While her parents insist Ireland isn’t battling substance abuse problems, the website RadarOnline quoted a source that said “substance abuse and partying” was “partially to blame for her mental and physical breakdown.”

Said a source: “She was not a hard drug user, but

she did drown her feelings in the same way so many other people do. This went on for a couple of months and during that time, she shut everyone out, including her family.”

Ireland was also struggling with issues since her split with girlfriend, rapper Angel Haze.

# JAY Z & BEYONCÉ: THE SCIEN

They might sign up now that her mom’s wed a church member

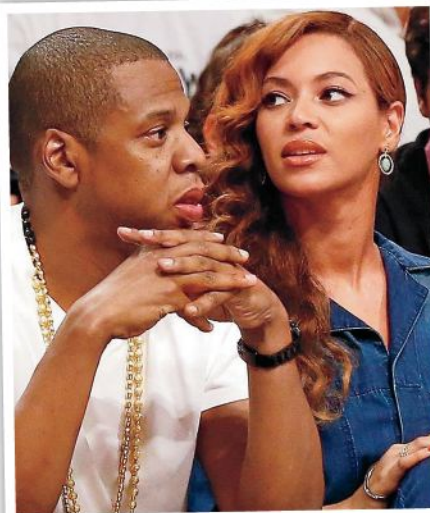

**S**CIENTOLOGY has married into the family of superstars Beyoncé and Jay Z – and their friends are afraid the mega-couple could end up as the next Tom Cruise and John Travolta!

The *National ENQUIRER* has learned that pals are “freaking out” over the church finally getting a foothold into the showbiz couple’s powerful empire, after actor Richard Lawson married Beyoncé’s mom, Tina Knowles, on April 12 aboard a yacht in California.

“Beyoncé is dead set against the religion, and was worried her mom is getting sucked in,” a pal said.

Richard has appeared in everything from soap operas to the occasional blockbuster, including a role as a paranormal investigator in the 1982 horror film “Poltergeist.”

But the 68-year-old actor has also taken on the occasional real-life role of a Scientologist – as found in archived copies of official Scientology publications obtained by *The ENQUIRER*!

Jay Z and Beyoncé, left, are wary of Tina’s husband, Richard, and his connection to Scientology

## TOLOGY LINK!

Richard took an "HQS Course" at the church in 1990, and a "Personal Values and Integrity Course" in 1997.

The HQS course is a "Hubbard Qualified Scientologist" course, which a Scientology website describes as "a broad introduction to Scientology religious precepts."

The values and integrity course claims to show students "how to maintain honesty and personal integrity," plus "how to feel good about yourself and your life."

Richard is also dad to actress Bianca Lawson of "Pretty Lit-

tle Liars," whose own studies with the church include a "Purification Rundown."

While Beyoncé and her family are devoted Christians, 61-year-old Tina and her new husband have attended a string of Scientology events - with Tina reportedly starting to show interest in the program!

Beyoncé had previously expressed concerns about Tina's new romance - and the pop princess shocked some members of her inner circle by dutifully attending her mom's wedding. **NE**

## Not-so-leaner Selena!

**F**ORMER Disney cutie Selena Gomez showed off her bulging body in a swimsuit - having packed on about 20 pounds since she was last partying in Mexico. But her Hollywood handlers aren't complaining, since the weight gain is a great sign that the "Come and Get It" singer is staying off drugs! In 2013, The National ENQUIRER reported Selena was caught boozing and using the Ecstasy-like drug "Molly" at a Hollywood party - but that was before she went to rehab at the Meadows facility in Arizona. She's proud of her new curves, too, and said in a recent Instagram post: "I love being happy with me yall #theresmoredtolove!"

## The **ENQUIRER** good luck charm makes readers' dreams come true!

**C**AN a simple circle of ink bring incredible luck and psychic power? Yes, it can - when it is The National ENQUIRER's famed Blue Dot!

Over the past three decades, hundreds of readers have relied on this energized orb, and they've won more than \$260 million in cash, along with golf tournaments, horse races and new cars!

The biggest: Zorina Kroop of California won a cool \$60 million lottery jackpot after she cut out our Blue Dot and rubbed it on the tickets. By believing in the Blue Dot, this 63-year-old widow was able to travel the globe!

Debra McCollom of Dallas stuck the Blue Dot to her TV screen during the lottery drawing, and the psychic antenna paid off for her, too. "I was living paycheck to paycheck, barely making enough to pay my bills, so I bought \$5

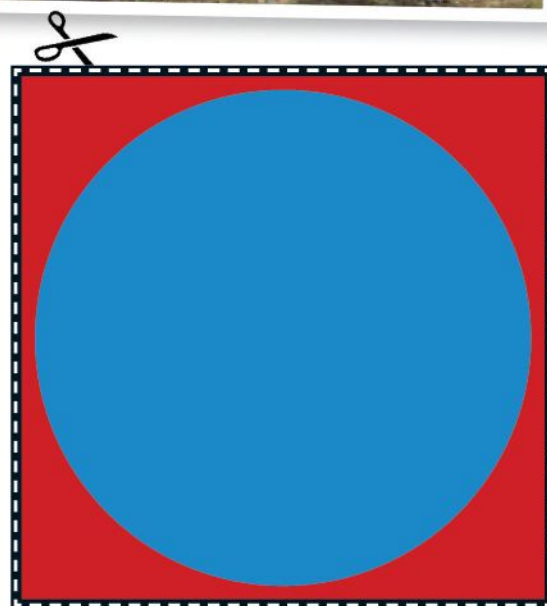

worth of tickets," Debra told The ENQUIRER. "Then my life turned in an instant. I won over \$12 million, paid all my debts, bought a great new house and car and stopped worrying about anything - thanks to the Blue Dot!"

This personal powerball isn't just a once-in-a-lifetime lucky shot. Vicki Shamp of Port Angeles, Wash., also believed in the Blue Dot and racked up prizes, including a \$50,000 home makeover, more than a dozen luxury vacations and even a new Jeep Liberty.

Sounds impossible, you say?

"Set aside your skepticism and believe your life can be changed," said psychic Judy Hevenly, who personally energized The ENQUIRER Blue Dot, infusing it with positive energy. "Fully accept your luck is going to change, and carry your Blue Dot with you." And maybe you'll hit it big!

Just ask Perry Tobin of Bell Forche, S.D., who rubbed his brother's raffle ticket with the Blue Dot and saw him drive off with a new \$20,000 Harley Davidson motorcycle! "If I ever doubted the power of the Blue Dot, the doubts vanished right then," Perry told The ENQUIRER. **NE**

**THIS BLUE DOT** has been infused with powerful psychic energy! Keep it in your purse, wallet or pocket, hang it in your home, rub it on your lottery tickets and watch your life transform! RINNA AS FUTURE MOMAGER!

## Lisa to play Kris in O.J. miniseries

**T**HE “American Crime Story” miniseries will recreate the murder trial of O.J. Simpson, and the cast could include “Real Housewife of Beverly Hills” Lisa Rinna as Kris Jenner – back when the momager was a Beverly Hills housewife! An insider told All The Buzz that

producers believe 51-year-old Lisa is perfect to play Kris in the cable production, which takes place when Kris was busy raising her four children with O.J.’s defense attorney Robert Kardashian!

“The current plan is to turn the Kardashian family segments into high

camp comedy, with winking references to their current fame,” the source said.

“Lisa will only appear in two or three episodes, but the producers want the publicity that will come from hiring Lisa to camp up Kris’ role in the O.J. saga!”

### AMERICAN CRIME STORY!

The killer lineup REVEALED!

**Cuba Gooding, Jr. is O.J. SIMPSON**

O.J. never won an Academy Award for films like “The Towering Inferno” – but now the ex-NFLer will be played by an Oscar winner!

**John Travolta is ROBERT SHAPIRO**

It’s a return to the small screen for the former “Sweathog” – with John as one of the attorneys who saved O.J. from a murder conviction!

**Sarah Paulson is MARCIA CLARK**

After playing freaks and victims in “American Horror Story,” the blonde beauty steps up as the prosecutor who couldn’t crack a crime story.

**David Schwimmer is ROBERT KARDASHIAN**

## The house that Hogan bought

**F**ORMER reality TV star Linda Hogan is ditching her sprawling spread in a gated celeb compound in Simi Valley – and cashing in on the property paid for by ex-hubby Hulk Hogan in their divorce. “Linda’s bachelorette pad offers plenty of peace and quiet, which was likely a welcome change after living with Hulk!” said Redfin real estate agent Alex Traub.

“Her gorgeous Tuscan villa sits on 23 acres and comes with a vineyard, private lake and an avocado orchard!”

## Snap! Gosselin affair cover-up

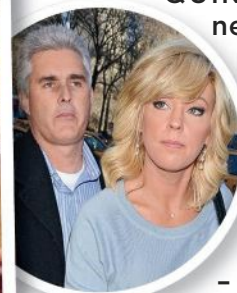

**T**HERE’S shocking photographic proof that reality TV mom Kate Gosselin engaged in a steamy affair with her married bodyguard, silver-haired fox Steve Neild!

But a close source told The ENQUIRER: “The TLC

network bought the photos so the public can’t see them!”

The millionaire mom of eight and her hunky minder got careless while romping in Mexico – and were snapped getting intimate.

Though the network denied the claim, our insider said, “A paparazzi who followed them took the incriminating photos. And then TLC paid out big bucks to take them off the market!”

## Bill could’ve been a romance-buster!

**S**HE’S romancing “Dirty Harry” – but Clint Eastwood’s new girlfriend really wanted Bill Murray to make her day!

Christina Sandera had the hots for the “Ghostbuster” funnyman long before she landed Clint, a source told The ENQUIRER.

“Christina had gushed to pals that she always had the hots for Bill, who’s an avid golfer and a regular around Carmel [Calif.],” the insider revealed.

Instead, former Carmel mayor Clint courted Christina and now she’s hot and heavy with the 84-year-old film legend.

## Travolta’s nephew in DUI bust

**H**E WAS hiding out from Scientologists after leaving his uncle’s controversial church – but John Travolta’s nephew couldn’t hide from the Wisconsin cops!

Now The ENQUIRER has obtained the mugshot of 47-year-old Sam Travolta, Jr. after he was busted with a DUI charge by the Dane County Sheriff’s Office on June 22, 2014.

The official incident report – also obtained by The ENQUIRER – revealed that alert officers were intrigued by the fact that Sam “was only wearing one flip-flop,” with the arrestee explaining that he had lost the other one while walking around earlier in a farmer’s field!

## Classic ENQUIRER

JULIA Roberts didn’t let fame and fortune keep her from being petty and mean! The movie star was dating cameraman Danny Moder while he was still divorcing his wife, Vera, a makeup artist. As The ENQUIRER reported this week back in 2002, Julia decided to mock the poor woman by being photographed wearing a T-shirt that spoofed “aloe vera” as “A Low Vera!”

## The Rock rocks

**W**ANNA be built like Dwayne “The Rock” Johnson? You’ll have to start by eating like him! The “Furious 7” star shared his diet with *Muscle & Fitness*, which includes these daily servings:

- 36 oz. of cod ■ 2 whole eggs and an omelet made of 10 egg whites ■ 4 cups of veggies and 2 salads ■ 4 cups of rice ■ 8 oz. of chicken and 8 oz. of steak ■ a 12-oz. baked potato and a 12-oz. sweet potato

# Talk Show Doctor Reveals Digestion Remedy That Works Instantly!

Television host and best selling author explains how a new aloe-vera extract can make bouts of heartburn, acid-reflux, constipation, gas, bloating, diarrhea, and other stomach nightmares disappear!

Recently an alternative medicine expert and a frequent guest on the **Dr. Oz** show, revealed a simple secret that amazed millions who suffer with digestion nightmares. People haven't stopped talking about it since.

## "I'd give anything to make it stop!"

That's what most people will say about their digestive problems. "It's just horrible says Ralph Burns, a former digestion victim. I was tortured for years by my Acid-Reflux. My wife suffers with digestion problems too. If she eats one wrong thing, she spends hours stuck in the bathroom dealing with severe bouts of constipation or diarrhea."

## FDA Warns About Popular Antacids

A recent FDA warning explained that excessive use of antacids could lead to an increased risk of hip, wrist, and spine fractures. Especially in people over the age of 50.

So when an alternative was discussed on National TV, you can imagine how thrilled people were to find out they could finally get relief without having to rely on pharmaceutical proton pump inhibitors. But now, according to Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, your stomach problems could be over by simply drinking a small amount of a tasty Aloe Vera extract every day. It's as simple as that!

## Finally There's Hope...

At first, the thought of drinking aloe vera might make some people back away, But in fact, this delicious "digestion cocktail" is doing amazing things for people who suffer with digestive problems — even if they've had them for years. Here's how it works...

## Stop Stomach Indigestion

Your stomach naturally produces acid so strong, it can dissolve an aluminum spoon in just 30 minutes! And when excess acid escapes into your esophagus, throat and stomach lining, it unleashes the discomfort of Acid-Reflux, heartburn, ulcers and more misery. Add the problems of stress, and "all hell breaks loose."

Dr. Liza Leal, a well known expert on chronic pain management explains... "**AloeCure**" can work genuine miracles. It buffers high acid levels with amazing speed, so your stomach feels completely at ease just moments after drinking it." In fact, it could wipe out stomach discomfort and frantic runs to the bathroom.

"I'm always in 'indigestion hell'. Doctors put me on all sorts of antacid remedies. Nothing worked. One day a friend said, 'Why don't you try **AloeCure**'."

I was shocked! It tasted pretty good! I stopped taking the PPIs altogether and replaced it with a daily diet of **AloeCure**®. Then something remarkable happened - NOTHING! Not even the slightest hint of indigestion. For the first time in 40 years I didn't need pills or tablets to avoid indigestion. Thank you **AloeCure**®

- Ralph Burns

## Until Now, Little Could Be Done...

But "**AloeCure**" can help virtually anyone. Even people with chronic stomach discomfort can start to feel better right away," says Dr. Leal. And what's really exciting is **AloeCure**® aids in keeping your digestive tract healthy, so with regular use intestinal distress stops coming back.

**Digestion Defender #1: Balances Stomach Acid:** Your first line of defense is calcium malate. This natural acid buffer instantly sends stomach acid levels plunging. And holds acid levels down so they are not likely to return!

**Digestion Defender #2: Instant, Soothing Relief:** **AloeCure**® is brimming with polysaccharides, a "wonder" compound that gently coats the throat, esophagus and stomach, carrying instant relief to cells scorched by excess acid.

*Doctor recommended **AloeCure**® may be the most important application ever discovered for digestive health!*

## Here's What Doctors Are Saying!

**AloeCure**® is backed by important scientific studies that confirm... aloe calms stomach acid and allows your body to heal itself.

Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, says, "That's why I recommend it to patients who suffer from bouts of heartburn, Acid-Reflux, ulcers, and irritable bowel syndrome..."

Dr. Santiago Rodriguez agrees. "Just two ounces of **AloeCure**® reduces the acids in your stomach by ten times."

**AloeCure**® may be the most important application ever discovered for digestive health!

## Safe And Easy To Use

With no sugar, no stimulants, and zero calories, **AloeCure**® is safe, all-natural and has absolutely no side effects. Just drink two ounces, once in the morning, and once at night, and start enjoying immediate life-changing relief!

## Try It 100% Risk-Free!

The makers of **AloeCure**® have agreed to send you up to **6 FREE bottles PLUS 2 free bonus gifts** with your order— they're yours to keep no matter what. # YOUR HEALTH

BY DR. STUART FISCHER, GIA PORTFOLIO & LAURIE MILLER

## SNACKS TO GET YOU SET FOR SUMMER

SPRING is in the air and it's time to get your body back in bikini shape for summer. So when a food craving strikes, hit back with a healthy snack choice – like pistachios. Each 30-gram serving of the green nuts contains about 160 calories and zero grams of trans fats! The U.S.

Food and Drug Administration has authorized a health claim stating: “Scientific evidence suggests but does not prove that eating 1.5 ounces per day of most nuts, such as pistachios, as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease.” So get healthy – and pretty with pistachios!

## HEALTH NEWS YOU'LL USE

## COOK UP A JOINT PAIN FIX

**O**STEOPOROSIS flares up when the tissue that cushions your joints wears down – but “ways of handling arthritis pain can be found right in the kitchen,” said Dr. Stuart Fischer. “Anti-inflammatory oils – like those found in mackerel and salmon – or supplements with similar properties like Omega 3, 6 and 9 should be a regular component of your weekly diet.” Natural solutions are also safer, he pointed out: “All arthritis medications have potential side effects ranging from minor to life-threatening, so don't rely on them exclusively!”

## HAND WASH ALLERGIES AWAY!

MODERN appliances are great, but a little bacteria – not such a bad thing! New research shows that kids living in homes where dishes are done by hand are less likely to have common allergies! “According to the ‘hygiene hypothesis,’ exposure to bacteria is necessary to train the immune system, which eventually develops tolerance – something allergic kids don't have,” said Dr. Stuart Fischer.

## SURGERIES TO AVOID

ANY surgery is risky for seniors – but the riskiest procedures, as listed in the journal JAMA Surgery, include heart valve operations, coronary artery bypass grafting and lung surgery. “The best way to maximize your chances with dangerous surgery is to make health and weight your highest priorities now,” according to Dr. Stuart Fischer.

## AMP UP WITH VITAMIN D!

**I**F YOU'RE feeling sluggish, we have D-solution! Vitamin D is called “the sunshine vitamin” because it enters the body when it comes into contact with the sun – or when we're eating the right foods. But many adults don't get enough vitamin D because they're working indoors, which can lead to low energy, chronic fatigue and even depression. Most doctors recommend taking a vitamin D supplement to boost your mood. And throw in some exercise to really be healthy, alert and smiling!

## CANINE CANCER THE WARNING SIGNS

DOGS get cancer at the same rate as humans, so watch for signs of the disease in your pet. The symptoms are also remarkably similar to those in humans – including lumps, bumps, swelling and abnormal bleeding. Cancer can also cause emotional changes in your dog, like irritability and acting withdrawn. Lastly, regular checkups at the vet are key to early detection.

# EASY STEPS TO BATTLE I.B.S.

Gut your digestive problems!

*"I struggled with recurring constipation, abdominal pain and bloating for more than 20 years – because I didn't talk openly to my doctor about all of my symptoms."*

**Cybill Shepherd**

**C**YBILL Shepherd has always been famously outspoken, so it's no surprise the 65-year-old beauty icon has gone public as a sufferer of irritable bowel syndrome, or IBS. It affects 20 percent of the population – and mostly women – so take these precautions for prevention and relief.

## 1 BOTTOMS UP!

Drink at least eight cups of water a day. Fluid intake combines with fiber to create a soothing gel for your intestines. Alcohol and caffeinated beverages can worsen digestive problems, so sip those with discretion.

## 2 GET YOUR BELLY MELLOW

Stress causes the common IBS symptoms of stomach pain and bloating. Manage your stress with deep breathing, exercise and yoga to stimulate intestinal contractions and provide relief.

## 3 LIMIT THE FOODS THAT DON'T LIKE YOU

Certain foods are IBS triggers. Dairy, egg yolks, red meat, dark poultry and fries can all have a painful impact on your gastrocolic reflex – which is as important as it sounds.

## 4 FILL UP ON FIBER

Ease constipation, gas and cramping – along with other gastrointestinal symptoms – with corn, oranges, watermelon, whole grains and other fiber-based foods. Gradually increase fiber intake over a span of weeks.

## 5 GO EASY ON THE LAXATIVES

Relying on over-the-counter medicines can be counterproductive – and they need to be taken at least 30 minutes before eating to prevent symptom flare-ups.

## 6 GET YOUR GUT CHECKED BY A DOC!

Stomach issues can be signs of more serious problems. Stress and diet management are key, but the best advice will come from your personal physician.

## CRYPTOGRAM QUOTES

### FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

## HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

## CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

## SPLIT PERSONALITIES

Can you identify the two celebrities we've merged together?

## JUST SO

**A** FORMER hairstylist dolls up contortionists to look like everything from a sexy seahorse to a graceful giraffe and a giant tarantula!

Talented “body concept artist” Emma Fay uses models as a “human canvas” for her magnificent “Marvels of Nature” series.

“People love the optical illusion aspect of it,” said Emma, 27, who works out of a studio in Leicester, England.

# KARMA CHAMELEONS!

Her artwork is a tribute to “the remarkable ways animals have evolved to survive in their surroundings,” she added.

But what’s even more remarkable is how models Lowri Thomas and Beth Sykes evolve into these colorful creatures.

The ladies slip into leotards, and then hold a pose long enough for Emma to sketch out the animal’s outline on their bodies.

Later, the models relax into more comfortable positions while Emma fills in the fine details of her amazing vision.

realistic transformations can take up to six hours at a time.

When she’s finished painting, Emma snaps photographs of her mind-blowing body art – which has also included a zebra, a lobster, a dragonfly and a mandrill monkey – and sells prints of her work.

“The photograph is pretty much the last five minutes of the whole process,” she said. “Then Beth and Lowri are free to go home and have a well-deserved shower.”

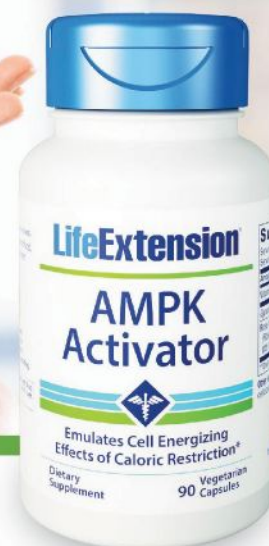

And that’s how these painted ladies – and their creator – landed a well-deserved spot at the top of the Odd List! **NE**

# Why Can't I Lose Weight?

The accumulation of surplus **fat** is a consequence of aging. The reason for this unwanted weight gain, however, has only recently been discovered.

Each of our cells contains an enzyme called "**A-M-P-K**". When **AMPK** is activated, cells stop storing fat and start burning accumulated fat.

How do we know this? In response to extreme **calorie restriction**, AMPK activity skyrockets and rapid **weight loss** ensues. The problem is that most people cannot consistently under eat to elevate their **AMPK**. In fact, **66%** of Americans struggle with being **overweight**.

## Dramatic Impact of AMPK Activation

For the first time, scientists have discovered two **nutrients** that markedly increase **AMPK** activity. Clinical studies in humans using these AMPK-activating nutrients reveal profound **weight loss** effects.

But will these nutrients produce the same **fat-shedding** effects outside a clinical testing environment? Our opinion is a resounding NO!

Many people consume so many **excess calories** and get so little **physical activity** that it is not possible to achieve meaningful weight loss with just a pill. That being said, if you are trying to lose weight, and do not take steps to boost your **AMPK activity**, you will almost certainly fail.

## Activate Your AMPK without Starving

For the first time, those who are serious about weight control can boost their **AMPK activity** and give themselves a fighting chance of achieving meaningful weight control in response to a reduction in calorie intake and increase in physical activity.

The dual-extract **AMPK Activator** formula contains the two identical natural compounds that have been shown to promote **AMPK activity** and facilitate healthy body weight.
